

WS DBCO-Biotin

Product No.: A116
Product Name: WS DBCO-Biotin
Alternative Name: Water-soluble DBCO-Biotin

Chemical Structure:

CAS Number: 1363444-70-5
Chemical Composition: C₃₁H₃₅N₅O₇S₂
Molecular Weight: 653.77
Solubility: DMSO, DMF, water
Storage: Upon receipt store at -20°C. Product shipped at ambient temperature
Appearance: White amorphous solid
Shelf life: At least 12 month at -20°C

For research use only
